stocks which made absolute records,

There were cited in support of the validity of the price level a number of criking facts. First prominence is held by the brilliant outlook for the country's agricultural production. The conviction holds that this will exceed value that for any preceding year. The early shortcomings of the winter wheat have been lessened by succeeding developments, and the excellent ise for the spring wheat keeps up the hopes of a total crop of good vol-Expectations of the corn crop

Last week's cotton crop report left no room for question of the serious impairment of the probable yield of the crop and the disadvantage of high prices for cotton products which will result is recognized. The stock market recognizes no broader and surer foundation on which to rear stock prices than the prosperity of the farming communities

This influence spreads into the steel industry by the large orders for new equipment coming from railroads.

### Heavy Bank Clearings.

In general mercantile lines a quickening of activity is already manifest in the heavy bank clearings through the country, and through the increasing volume of mercantile paper offered to bankers for discount. It is believed that the actual passage of the tariff bill will release larger orders from merchants which have been held back in the desire to know definite results be-

More Than 105,000 Envelopes in Sealed Cans at Coeur d'Alene Office.

Spokane, Wash., Aug. 8.-From a heap of more than 105,000 envelopes, drawing will begin at 10 o'clock tomorrow morning to decide the lucky applicants for lands thrown open to entry and settlement in the Coeur d'Alene reservation. The envelopes are in sealed cans at the Coeur d'Alene land office. To convince the people who will watch the ceremony that the proceeding is regular, the cans will be cut open in the public view and emptied on a big wooden platform that has been erected for the purpose.

### Will Be Well Mixed.

The envelopes will be mixed with hovels and the selection of the first 100 will be made by Miss Helen Hamilton of Coeur d'Alene. Each envelope as drawn will be opened by the land officers and the name announced. The drawing for the Flathead reser-

vation will be made on Thursday and Friday by Miss Christina Donlan of Missoula, Mont., and that for the Spokane reservation on Monday, Aug. 16, by Miss Harriet Post of Spokane. After the first 100 applications for the Coeur d'Alene reservation have been drawn by Miss Hamilton, the other two young women will help her until 1,500 have been taken, about twice the num-ber of homesteads on the Coeur d'Alene reservation
